Find and Delete Empty Google Groups

Users Audit & Management · https://gatlabs.com/knowledge/tech-tips/find-and-delete-empty-google-groups/

GAT+ allows admin to find and delete empty Google Groups directly from the GAT+ user interface in seconds. This will help admins to better manage their groups and understand better their Google Workspace environment.

Find any given Google group in GAT+

Click and open **Groups** audit

[GAT+ | Find and Delete Empty Google Groups 1]

Find empty internal and external groups

Apply simple filter and add Members and External Members equal to 0 – this will give you all the empty groups in your domain.

[GAT+ | Find and Delete Empty Google Groups 2]

Delete empty internal and external groups

On the right side under **Actions** click on the actions button.

[GAT+ | Find and Delete Empty Google Groups 3]

Confirm action

A list of actions will be displayed.

Select **Delete this group**

A pop-up message will be displayed, to confirm that you want to delete this group.

[GAT+ | Find and Delete Empty Google Groups 4]

> **Note:** You are about to remove this group, this step **can not** be **undone**.

Review the result

Click **OK** and the group will be **removed**.

The **Deleted** status will be changed to **Yes**

When you apply a filter to search for this group again, no result will be displayed as the group is now **deleted**
