Audit Google Workspace Organization Units with GAT+

Users Audit & Management · https://gatlabs.com/knowledge/tech-tips/audit-google-workspace-organization-units-with-gat/

GAT+ offers full comprehensive Google Drive auditing for Google Workspace domains. It has now an **Organization Unit audit**. The Google Admin can audit Google Workspace Organization Units in the domain, filter, and view them all. Filters can be applied to view users' parts.

Step 1.

Navigate to GAT+ > Organization Units.

Org Unit	Description	Block Inheritance	Num Users	Users in sub OUs	Number of sub OUs
/	Top-level Organization	No	129	272	46
/Students	—	No	50	13	3
/Graduation Year	—	No	30	12	2
/users with 2FA	test 2FA	No	29	0	0
/K'Contractors	—	No	20	0	0
/Sales	Sales tean OU	No	11	0	0
/Employee	The is the Organisational Unit for the employees	No	10	0	0
/Accounts Department	Accounts Team	No	10	0	0
/Graduation Year/Class of 2019	—	No	9	0	0
/Contractors	This is an OU that consultants outside the company can be placed in so that they can have temporary access	No	8	0	0
/Awesome	—	No	6	0	0

The Admin can see all the Organization Units of the domain:

- **Org. Unit** - the name of the OU
- **Description** - the description of the OU
- **Block inheritance** - an OU inherits policies from the organizational hierarchy (more info can be found here)
- **Num users** - the number of users part of the OU
- **Users in the sub OUs** - the number of users part of the sub OUs
- **Number of sub OUs** - the number of the sub OUs in the OU

Step 2.

To audit Google Workspace Organization Units, the Admin can click on each of the values in **Num users**, **Users in sub OUs**, and **Number of sub OUs.**

- **Num users** and **Users in sub OU** - will lead to the Users > Basic with the filter applied for users part of the OUs
- **Number of sub OUs** - will open the OU audit showing the sub OUs
