How to find Google Group Generated by a Classroom

Classroom Audit & Management · https://gatlabs.com/knowledge/tech-tips/how-to-find-google-classroom-groups/

Introduction

There are two types of Google Classroom email groups:

- Teacher Group Email – contains only teachers
- Course(Classroom) Group Email – containing both teachers and students

Both groups can be used **ONLY** for permissions to (example) **share calendars or files**. They **CANNOT** be used to **send emails to users.**

Select Classrooms

For your **Google Classroom management** task:

Navigate to **GAT+ → Classrooms → Click on the “eye” icon under Actions**

[GAT+ | How to find Google Classroom groups 1]

View Classroom Groups

This will show you a detailed view of the selected Classroom.

A pop-up window will be displayed, under **General**, you can see the **Student and Teacher groups.**
